People Vote in Favor of a New State Con-

stitution.

By Associated Press. Montgomery, Ala., April 23 .- The

people of Alabama voted today on a proposition to call a convention to assemble in this city on May 21 to draft a new state constitution. An exceedingly light vote was polled.

The returns indicate that perhaps five-sixths of the countles voted in favor of the convention. The principal changes which the convention has in view are in suffrage, courts, terms of public officers and the abolishment of much local legislation. Today was the election of 55 delegates from the state at large and one hundred from the counties. Only four or five Republicans or Populists will be in the

The cadets became disgruntled over the action of Col. Mills, the superintendent, in punishing one of their number, Cadet Raiston, for failure to report a breach of discipline. The cadets are said to be almos tin a state of insubordination.

MOUNTEBANK POLITICS.

It is evidently the opinion of Mayor Tom Johnson, of Cleveland, and Mayor Jones, of Toledo, that many of the voters of the country are eager to go into a political curcus or burlesque and that the cue of the demagogue is to give them all the head they want in that direction. Johnson and Jones supported Bryan in the last presidential campaign, but caught the people in something else than regular Democrats. Jones has an intangible something that he calls a golden rule. Nobody has ever heard of its practical application. He is serving his third uneventful term as Mayor and casting around for some other office. Johnson's great card is 3-cent fares on the street-railways of Cleveland. He is the exclusinve owner of a street-railway in Johnstown, Pa., the fare on which, much to the regret of the citizens, is 5 cents. By a scratch of the pen Johnson could reduce it to 3. But he is not running for anything in Pennsylvania. It is the other owners of railways he wants to reform.

Ohio Democrats dearly love a millionaire and are delighted to hear that Tom Johnson is a candidate for Governor and that John R. McLean will enter the lists for the Senate. Ohio elects a Governor and a Legislature next November. With two bar'ls on tap, one located on the marge of Erie's blue waters and the other on the banks of the Beautiful River, there will be a hot time in the Democratic ranks. There seems to be no dearth of If anything can effectivey reorganize "wet goods" of all kinds in Marietta the Ohio Democrats it is two millionaires, both deeply vested in catching the vote susceptible to bar'ls and mountebanks. But the average Republican plurality in Ohio for ten years has been 59,000. The state has knocked out McLean repeatedly, and Tom Johnson's platform has boiled his pooling of issues with Tom John-

YACHT CHARTERED

To Bring the U. S. Mall From Parkersburg Tuesday. A Big Record.

Receiving no message from the government in regard to his query for instructions in regard to chartering a launch and sending to Parkersburg for the mail, Postmaster Rose, upon his own responsibility, authorized the owners of the naptha yacht to make the trip. The party consisted of Mr. H. B. Diltz ,representing Uncle Sam. and Burt Baum, Wm. Stephan and Louis Angert, the owners of the boat. The run was made successfully and all the first-class mail, 18 sacks in number, was brought to the city. The second-class mail was very large and was accordingly sent west on the B. & O. by Grafton and finally coming in over the M. C. & C. The latter road last evening carried five pouches and 147 sacks, while on the noon run twelve sacks of mail were brought to the city. This excellent service far surpasses any provision ever made before in Marietta during a flood time for prompt mail service, and Mr. Rose should receive the thanks of all the citizens for his untiring efforts to serve them.

Come and talk the matter over with us.

The important thing to consider

The important thing to consider when you buy things in a drug store is purity. You ought not to think about prices until you are sure about quality. This applies not only to drugs, but to every thing else sold in a drug store. It applies to soap, perfume, cosmetics, powders, and a hundred other things. We have no desire to be known as "cheap druggists." We want the public to think of

We want the public to think of this store as a reliable place—a store where safety can be depended upon, no matter what is pur-chased. But there is nothing extravagent about prices either. We sell the best things at as moderate prices as can be af-forded. We never go so low that quality must be lowered and we never go so high that you can not afford to buy.
